Report of the Governing Body

The Members of the Governing Body present their Annual Report for the year ended 31 July 2015 under the Charities Act 2011 together with the audited financial statements for the year.

REFERENCE AND ADMINISTRATIVE INFORMATION

Saint John Baptist College in the University of Oxford, which is known as St John's College, ("the College") is an eleemosynary chartered charitable corporation aggregate. It was founded by Sir Thomas White under a Royal Patent of Foundation, dated 1 May 1555.

The College registered with the Charities Commission on 10 January 2011 (registered number 1139733).

The College has been given a dispensation by the Charity Commission from publishing the names of its trustees.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing documents

The College is governed by its Letters Patents of 1555 and its Statutes, which were most recently revised on 23 April 2007. These documents can be found on the College website (http://www.sjc.ox.ac.uk/4935/CurrentStatutesDec2012_upFeb13.pdf.download).

Governing Body

The Governing Body is constituted and regulated in accordance with the College Statutes, the terms of which are enforceable ultimately by the Visitor, who is the Bishop of Winchester. Nearly all members of Governing Body became members on the basis of an appointment to a substantive or titular academic post at the University of Oxford.

New members of the Governing Body are elected on the basis of an appointment process in which an expert selection committee makes a recommendation to the Governing Body. The committee always takes external advice and, in the large majority of cases, there are one or more external members of the selection committee. The formal appointment is a decision of the Governing Body acting as a whole. For the appointment of a new President, the Governing Body conducts the selection process directly itself.

The Governing Body determines the on-going strategic direction of the College and regulates its administration and the management of its finances and assets. It meets regularly under the chairmanship of the President and is advised by various committees. The President is *ex officio* chairman of all committees.

Recruitment and training of Members of the Governing Body

New members of the Governing Body are recruited normally in response to an advertised academic position, in which the University of Oxford and the College become joint employers of the person appointed. The chief exception to joint appointment relates to certain individuals who hold Statutory Professorships at the University of Oxford in conjunction with a Professorial Fellowship at St John's College. All members of Governing Body during the year were therefore working teachers and researchers at the University of Oxford (with the exception of Finance Bursar and Director of Development). The University and Colleges organise a variety of induction processes for new appointees, which cover a very wide range of the duties that they will undertake. All newly appointed Fellows are given guidance on how to access the official documentation of the College. There is an internal memorandum about College procedures and the rights and responsibilities of members of Governing Body.

Members of the Governing Body are provided with advice from the President and other College Officers (for example, Senior Tutor, Principal Bursar, Estates Bursar, Finance Bursar, Senior Dean, Academic Dean) to keep them informed on current issues in the higher education sector and on regulatory requirements. These individuals receive advice directly from professional sources or through the University and inter-collegiate bodies (the Conference of Colleges and its various Committees), which exist to promote communication on academic, governance and regulatory issues.

Report of the Governing Body

Organisational management

The Governing Body is scheduled to meet 13 times a year. All major decisions about the running of the College require the authority of the Governing Body. Certain operational matters are delegated to appointed college officers (for example, Senior Tutor, Principal Bursar, Estates Bursar, Finance Bursar, Senior Dean), who are members of the Governing Body and accountable to it. The college bylaws can be found on the College website (<http://www.sjc.ox.ac.uk/11440/05-06-15-By-laws.pdf.download>).

Group structure and relationships

The College has four wholly owned non-charitable subsidiaries, The Lamb and Flag (Oxford) Limited, Thomas White Properties Limited, Thomas White Oxford Limited and Peartree Oxford Limited, whose annual profits are donated to the College under the Gift Aid Scheme. It has two additional wholly owned US subsidiaries.

The College is part of the collegiate University of Oxford. Material interdependencies between the University and the College arise as a consequence of this relationship.

Risk management

The College undertakes risk assessment on a continuing basis. When it is not able to address risk issues using internal resources, the College takes advice from experts external to the College with specialist knowledge. Policies and procedures within the College are reviewed by the relevant College Committees, chaired by the President. Financial and investment risks are assessed by the Finance Committee in conjunction with its Investment Sub-Committee. Recommendations of the committees are presented to Governing Body for their approval or rejection. Senior members of the college staff meet regularly with the Safety Officer or one of the Bursars to review health and safety issues. Training courses and other forms of career development are available to members of staff to enhance their skills in risk-related areas.

The Governing Body, which has ultimate responsibility for managing any risks faced by the College, has given consideration to the major risks to which the College and its subsidiaries are exposed and has concluded that adequate systems are in place to manage these risks. It is recognised that systems can provide only reasonable but not absolute assurance that major risks have been managed.

OBJECTIVES AND ACTIVITIES

Charitable Objects and Aims

The College's Objects are to be "A perpetual college of learning sciences, sacred theology, philosophy and good arts", from the Latin: *collegium perpetuum eruditionis scientiarum sacre theologie et philosophie ac bonarum artium*.

The Governing Body is mindful of the long-standing requirement to provide public benefit and of the disclosure requirements of the Charities Act 2011. In this connection the Governing Body has monitored closely the general and supplemental guidance produced by the Charity Commission.

As a charity, St John's College provides and conducts itself as a College of the University of Oxford for the benefit of the general public, in particular by carrying out teaching in the higher education sector and by supporting advanced study or research by its members and others.

The aim set for the College's non-charitable subsidiaries is to provide financial support for the achievement of the College's aims as above. The annual donation from the Lamb and Flag (Oxford) Limited, which is made under the Gift Aid Scheme, is currently used to support Graduate Scholarships; the donation from Thomas White Properties Limited is used for the general purpose of the College.

Activities and objectives of the College

The activities and objectives of the College can be identified as:

- education of undergraduate students and postgraduate students within the University of Oxford;
- provision of student accommodation, meals and facilities;
- provision of a library and an historical archive;

Saint John Baptist College in the University of Oxford

Report of the Governing Body

- provision of a range of grants available to all students and a number of fully funded graduate scholarships (undergraduates have access to the University-wide Oxford Bursary and Oxford Opportunity Bursary Schemes);
- employment of Junior Research Fellows;
- provision of staff and facilities to carry out research projects in the St. John's College Research Centre;
- provision of financial support and facilities for research undertaken by the teaching and other fellows of the college;
- support for such other educational or research activities as shall be determined by the Trustees.

Most of the College's research support is directed to individuals selected on the basis of open competition.

Public benefit

The College remains committed to the aim of providing public benefit in accordance with its founding principles, by its educational work and its contribution to the enlargement of human knowledge through its support for research. As can be seen from the financial statements, the charitable activity of the college is heavily subsidised, with charitable income covering only 27% of charitable expenditure.

People of lesser means or people in poverty are encouraged to benefit from the educational and research activities of the College and steps are taken to ensure that they are not excluded from these benefits. UK and EU students currently attend St John's College and the University of Oxford on the same financial terms as they would attend any English institution of Higher Education, with Student Loan Company loans available to cover undergraduate fees and maintenance. Students from low-income households may qualify for government grants or for the Oxford Bursary, Moritz-Heyman Scholarship or equivalent funding from the College. In the 2014/15 academic year, 94 of 394 undergraduates at St John's received one of these bursaries, with 45 receiving the maximum level of support. The cost to St John's College of Oxford Bursaries in the year was £109k and St John's students received bursary support totalling £269k with the balance of the cost being met by the University of Oxford. The College also contributed to 49 full graduate scholarships at a cost to the College of £606k.

St John's College is committed to access and widening participation in higher education. The College devotes considerable time and resources to support this commitment: in 2014-15, the College spent more than £65,000 on access and outreach-related activities. This sum does not include the time individual academics spent visiting schools and spending time with people when they visited College.

Access and outreach work at St John's is directed and organised by the Academic Dean and the Access and Outreach Officer, working closely with the Fellows, Tutors, Officers, Students and Alumni of the College. The appointment of a full-time Access and Outreach Officer has allowed the College to develop its access and outreach strategy in both range and quantity; the additional support provided by a full-time post also allows St John's to monitor the effectiveness of its work. The College welcomes the opportunity to work with all schools and young people, regardless of social or educational background, but the focus of our access work is in the State sector in the UK.

The College offers a programme of events and activities aimed at widening participation, access and recruitment (see our website for more information: www.sjc.ox.ac.uk/2774/Working-with-Schools.html). These include curriculum enhancement and aspiration raising for pre-16s and post-16s, subject-specific academic study days in Oxford and in schools, and a range of events that are more specifically related to applying to Oxford. The College also holds events for teachers and produces an e-newsletter for teachers, which is available on its website and emailed to all schools and colleges in our designated regional contact areas (East and West Sussex, Brighton and Hove; Ealing; Harrow). The College has an active Student Ambassador Scheme, through which current undergraduate students have been trained and supported to assist with the College's access and outreach work. Around 50 students help with events in College and visit schools throughout the country to inspire young people and encourage them to consider higher education in general, and Oxford and St John's more specifically. St John's collaborates closely with other Colleges, regularly offering tours around St John's for students attending events at other Colleges and providing lunches and accommodation. The College works closely with the various teams within the University Admissions Office, hosting joint events, attending centrally organised Higher Education fairs and participating fully in the UNIQ summer schools programme.

ACHIEVEMENTS AND PERFORMANCE

In the 2014/15 academic year, the college admitted 114 new undergraduate students and 90 new postgraduate students. In total there were 394 undergraduate students and 273 postgraduate students within the College. 214 degrees were awarded.

94 undergraduate students received the Oxford Bursary or the Moritz-Heyman Scholarship and 49 graduate students received full scholarships. A large number of students benefited from a range of academic, travel and sports grants. Details of the costs of these grants can be seen in note 7 of the Financial Statements.

The College supported the work of 13 stipendiary Junior Research Fellows during the academic year 2014-15. A further six researchers were employed within the St John's College Research Centre.

Report of the Governing Body

Incoming resources from charitable activities were £5.8 million (2014: £5.7 million). Within this figure fee income and other student tuition related income rose to £2.8 million (2014: £2.6 million). Funds received from Oxford University under the College Funding Formula scheme, net of college fees received directly, were £2.0 million. The College therefore continues to rely heavily on income generated by its endowment funds. £13.6 million of investment income is recognised within the Statement of Financial Activities and a further £1.75 million has been transferred to undesignated, unrestricted funds from endowment gains. Gains are reported on both the property and other investments of the Group, £23.5 million and £24.8 million respectively. The College also reports donations of £0.9 million.

The total amount drawn from the College endowments to fund operating activities was £14.9 million which represents 3.7% of the opening value of endowments. Including increased funding of fixed assets, this increases to £15.4 million drawn from endowments, being 3.8% of opening endowments. Considering only the unrestricted General Endowment Fund these percentages increase to 3.9% and 4% respectively.

The College has continued its academic and research activity, at a total cost of £21.4 million. This figure includes the cost of teaching and academic facilities, of providing student accommodation and of supporting research. It includes £1.12 million of bursaries, studentships, scholarships, hardship grants and other awards made to students, in addition to facilities and resources provided directly.

The College Contributions Scheme continues for 2015 and a creditor of £381k has been included as an estimate of the amount to be actually paid. The calculated contribution is £1.281 million (2014 - £1.195million), but this figure is reduced proportionately to deliver a fixed total contribution from the donor colleges.

Reserves policy

The College's reserves policy is to maintain sufficient free reserves (i) to enable it to meet its short-term financial obligations in the event of an unexpected revenue shortfall; (ii) to allow the College to be managed efficiently; (iii) to provide a buffer that would ensure uninterrupted services. In assessing the level of the College's on-going activities and the support provided for different types of education and research, the Governing Body considers both current academic need and the financial environment in which the College operates (the health of the endowment, the gains which have been achieved on it in recent years and the return which can reasonably be expected from it over the medium term while also ensuring that the value of the capital in real terms is not diminished). The Governing Body will then manage the reserves of the College so as to support this level of charitable activity.

The Governing Body has reviewed the reserves of the College and has concluded that a general reserve of around one month's expenditure before depreciation, and excluding investment in fixed assets and the pension scheme, should be maintained for these purposes. A £1.75 million transfer has been made from endowments to the income and expenditure account to maintain these reserves. This transfer was funded out of investment gains on the unrestricted endowments. As shown above, £1.3m of this transfer can be seen as funding the operating activities of the College with the remainder funding increased investment in fixed assets.

The College's undesignated free reserves at the year-end amounted to £2.41 million (2014: £2.07 million), representing retained unrestricted income reserves, excluding amounts of £43.2 million for the book value of fixed assets less long-term funding arrangements.

Investment policy, objectives and performance

The College's investment objectives are to balance current and future beneficiary needs by:

- Maintaining if possible (at least) the value of the investments in real terms;
- Producing a consistent and sustainable amount to support expenditure; and
- Delivering these objectives within acceptable levels of risk.

To meet these objectives the College's investments as a whole are managed on a total return basis, maintaining diversification across a range of asset classes in order to produce an appropriate balance between risk and return. Investment income is credited to unrestricted funds in the Statement of Financial Activities unless it arises from assets in a restricted or endowment fund where the donor has placed restrictions on the use of that income, in which case it will be credited to restricted funds.

Because the College's investment performance is assessed with a view to total return, it is expected that the College's activity will normally be funded by gains as well as by income, with transfers being made between

Saint John Baptist College in the University of Oxford

Report of the Governing Body

the expendable endowment funds and the unrestricted funds as necessary to maintain the real value of the investments and support the College's current activity. The Governing Body keeps the level of transfers under review, to balance the needs and interests of current and future beneficiaries of the College's activities.

The investment strategy, policy and performance are monitored by the Investment Committee. At the year-end, consolidated long term investments, combining the securities and property investments, totalled £424 million, of which £198 million was property and £226 million was other investments. A more detailed breakdown of the College's investments can be seen in notes 11 and 12 to the accounts.

The Governing Body assesses investment performance against the investment objectives over a rolling five-year period and believes results have been consistent with the College's objectives over this period. For 2014/15, gains on property investments were £23.5 million and gains on securities and other investments were £24.8 million.

The College's largest investment adviser, Cazenove operate a programme of socially responsible engagement with the management of companies in which they invest and the College takes account of advice from its investment and property managers about the social and ethical dimensions of its investment holdings.

FUTURE PLANS

The College was established "in perpetuity" when it was founded in 1555. It will continue its support of access to higher education and its core activities of teaching undergraduate students, supporting graduate teaching and research, through a variety of scholarships and other mechanisms, increasingly in partnership with other funding sources in the University; and of supporting the advanced study and research of its Fellows, Lecturers and other senior members. The College will also continue its support for visiting scholars, at all levels of seniority, from other institutions.

STATEMENT OF ACCOUNTING AND REPORTING RESPONSIBILITIES

The Governing Body is responsible for preparing the Report of the Governing Body and the financial statements in accordance with applicable law and regulations.

Charity law requires the Governing Body to prepare financial statements for each financial year in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards) and applicable law.

Under charity law the Governing Body must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the College and of its net incoming or outgoing resources for that period. In preparing these financial statements, the Governing Body is required to:

- Select the most suitable accounting policies and then apply them consistently;
- Make judgments and accounting estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the College will continue to operate.

The Governing Body is responsible for keeping proper accounting records that are sufficient to show and explain the College's transactions and disclose with reasonable accuracy at any time the financial position of the College and enable it to ensure that the financial statements comply with the Charities Act 2011. It is also responsible for safeguarding the assets of the College and ensuring their proper application under charity law and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Governing Body on 4 November 2015 and signed on its behalf by:

Professor M. Snowling
President

Saint John Baptist College in the University of Oxford

Independent Auditor's Report to the Members of the Governing Body of St John's College, Oxford

We have audited the financial statements of St John's College Oxford for the year ended 31 July 2015 which comprise the Consolidated Statements of Financial Activities, the Consolidated and College Balance Sheets, the Cash Flow and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the College's Governing Body in accordance with section 144 of the Charities Act 2011 and the regulations made under section 154 of that Act. Our audit work has been undertaken so that we might state to the College's Governing Body those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the College's Governing Body for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Governing Body and auditor

As explained more fully in the Statement of Accounting and Reporting Responsibilities the College's Governing Body as charity trustees, are responsible for the preparation of financial statements which give a true and fair view.

We have been appointed as auditor under section 151 of the Charities Act 2011 and report in accordance with regulations made under section 154 of that Act. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the charity's circumstances, and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the College's Governing Body, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies, we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the group and parent charity's affairs as at 31 July 2015 and of the group's and charity's incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Saint John Baptist College in the University of Oxford

Independent Auditor's Report to the Members of the Governing Body of St John's College, Oxford

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities Act 2011 requires us to report to you if, in our opinion:

- the information given in the Annual Report of the Governing Body is inconsistent in any material respect with the financial statements;
- sufficient and proper accounting records have not been kept;
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Alliotts

Statutory Auditor

Friary Court

13-21 High Street

Guildford

Surrey, GU1 3DL

Date: 4 November 2015

Alliotts is eligible to act as an auditor in terms of section 1212 of the Companies Act 2006.

1. Scope of the financial statements

The financial statements present the Consolidated Statement of Financial Activities (SOFA), the Consolidated and College Balance Sheets and the Consolidated Cash Flow Statement comprising the consolidation of the College and its wholly owned subsidiaries: The Lamb and Flag (Oxford) Limited, Thomas White Properties Limited and Thomas White Investments LLC. No separate SOFA has been presented for the College alone as permitted by paragraph 397 of the Charities SORP 2005. The results of the subsidiaries are included the consolidated income, expenditure and results of the College are disclosed in note [13].

2. Basis of accounting

The financial statements have been prepared under the Charities Act 2011 and in accordance with the Statement of Recommended Practice on Accounting and Reporting by Charities issued in 2005 ("the Charities SORP") and applicable accounting standards. The financial statements are drawn up on the historical cost basis of accounting as modified by the revaluation of investment properties and other investments.

3. Incoming resources from fee income, HEFCE support and other charges for services

Fees receivable, HEFCE support and charges for services and use of the premises, less any scholarships, bursaries or other allowances granted by the College, but including contributions received from restricted funds, are accounted for in the period in which the related service is provided.

4. Incoming resources from donations and legacies

Voluntary income is accounted for when the College has entitlement to the funds, the amount can be reliably quantified and there is reasonable certainty of its ultimate receipt.

Voluntary income received for the general purpose of the College is credited to unrestricted funds.

Voluntary income that is subject to specific wishes of the donor is credited to the relevant restricted fund or, where the donation, grant or legacy is required to be held as capital, to the endowment funds. Where donations are received otherwise than in cash, they are valued at the market value of the underlying assets received at the date of receipt.

5. Investment income

Interest on bank balances and fixed interest securities is accounted for in the period to which the interest relates.

Dividend income and similar distributions are accounted for in the period in which they become receivable.

Income from investment properties is accounted for in the period to which the rental income relates.

Investment income is credited to unrestricted funds in the Statement of Financial Activities unless it arises from assets in a restricted or endowment fund where the donor has placed restrictions on the use of that income, in which case it will be accounted credited to restricted funds.

6. Expenditure

Expenditure is accounted for on an accruals basis. Indirect expenditure is apportioned to expenditure categories based on the estimated amount attributable to that activity in the year, either by reference to staff time or the use made of the underlying assets, as appropriate. Irrecoverable VAT is included with the item of expenditure to which it relates.

Grants awarded are expensed as soon as they become legal or operational commitments.

Governance costs comprise the costs of complying with constitutional and statutory requirements.

Intra-group sales and charges between the College and its subsidiaries are excluded from trading income and expenditure.

7. Leases

Rentals payable under operating leases are charged in the Statement of Financial Activities on a straight-line basis over the relevant lease terms.

The cost of the assets held under finance leases is included within fixed assets and depreciation is charged in accordance with the accounting policy for each class of asset concerned. The corresponding

Saint John Baptist College in the University of Oxford
Statement of Accounting Policies
Year ended 31 July 2015

capital obligations under these leases are shown as liabilities. The finance charge element of rentals is charged to the Statement of Financial Activities and classified within finance costs as incurred.

8. Tangible fixed assets

Expenditure on the acquisition, construction or enhancement of land and buildings and equipment costing more than £50,000 is capitalised and carried in the balance sheet at historical cost.

Other expenditure on equipment incurred in the normal day-to-day running of the College and its subsidiaries is charged to the Statement of Financial Activities as incurred.

9. Depreciation

Depreciation is provided to write off the cost of all relevant tangible fixed assets, less their estimated residual value, in equal annual instalments over their expected useful economic lives as follows:

Freehold properties, including major extensions	[50 years]
Building improvements	[10 years]
Equipment	[5 years]

Freehold land is not depreciated. The costs of maintenance are charged in the Statement of Financial Activities in the period in which they are incurred.

10. Investments

Listed investments are valued at their mid-market values as at the balance sheet date and properties held as endowment asset investments are stated at market value as valued by their respective investment property managers. Investments such as hedge funds and private equity funds, which have no readily identifiable market value, are included at the most recent valuations from their respective managers. Other investments are stated at the lower of cost and net realisable value.

Gains and losses arising on the investments are credited or charged to the Statement of Financial Activities and are allocated to the appropriate Fund according to the "ownership" of the underlying assets.

11. Stocks

Stocks are valued at the lower of cost and net realisable value, cost being the purchase price on a first in, first out basis.

12. Foreign currencies

Transactions denominated in foreign currencies during the year are translated at prevailing rates of exchange at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates applying at the Balance Sheet date or, where there are related forward foreign exchange contracts, at the contract rates. The resulting exchange differences are taken to the Statement of Financial Activities.

13. Fund accounting

The total funds of the College and its subsidiaries are allocated to unrestricted, restricted or endowment funds based on the origins of the funds and the terms set by the donors. Endowment funds are further sub-divided into permanent and expendable.

Unrestricted funds can be used in furtherance of the objects of the College at the discretion of the Governing Body. The Governing Body may decide that part of the unrestricted funds shall be used in future for a specific purpose and this will be accounted for by transfers to appropriate designated funds.

Restricted funds comprise gifts, legacies and grants where the donors have earmarked funds for specific purposes. They consist of *either* gifts where the donor has specified that both the capital and any income arising must be used for the purposes given *or* the income on gifts where the donor has required that the capital be maintained and the income used for specific purposes.

Permanent endowment funds arise where donors specify that the funds should be retained as capital for the permanent benefit of the College. Any income arising from the capital will be accounted for as unrestricted funds unless the donor has placed a restriction on the use of that income, in which case it will be accounted for as a restricted fund.

Saint John Baptist College in the University of Oxford
Statement of Accounting Policies
Year ended 31 July 2015

Expendable endowment funds are similar to permanent endowment in that they have been given, or the College has determined based on the circumstances that they have been given, for the long-term benefit of the College. The Governing Body may at its discretion determine to spend all or part of the capital.

14. Pension costs

The three principal pension schemes for the College's staff are the Universities Superannuation Scheme (USS), the University of Oxford Staff Pension Scheme (OSPS) and the St John's College Staff Pension Fund (SJCSPF). USS and OSPS are multi-employer defined benefit schemes where the share of the assets and liabilities applicable to each employer cannot be identified. The costs of these schemes to the College are therefore recognised within Statement of Financial Activities as if these were defined contribution schemes in accordance with the requirements of FRS 17. The College's contributions to these schemes are charged in the period in which the salaries to which the contributions relate are payable. The SJCSPF scheme is a defined benefit scheme and contributions are charged to the income and expenditure account in accordance with FRS17 over the period during which the College benefits from the employees' services.

The College has substantial long-held historic assets all of which are used in the course of the College's teaching and research activities. These comprise listed buildings on the College site, together with their contents comprising works of art, ancient books and manuscripts and other treasured artefacts. Because of their age and, in many cases, unique nature, reliable historical cost information is not available for these assets and could not be obtained except at disproportionate expense. However, in the opinion of the Trustees the depreciated historical cost of these assets is now immaterial.

Saint John Baptist College in the University of Oxford
Notes to the financial statements
For the year ended 31 July 2015

All of the above individuals are eligible for membership of the USS defined benefit pension scheme as outlined in note 21. The President lives on the main college site. Some Trustees are eligible for College housing schemes. At 31 July 2015, 24 Trustees lived in properties owned by the College (2014 - 24) and 8 trustees lived in properties owned jointly with the College (2014 - 10). 2 such properties were sold during the year (2014 - 0). No reimbursement was made to Fellows during the year of personal expenses incurred in connection with their services to the College as Trustees.

21 PENSION SCHEMES

The three principal pension schemes for the College's staff are the Universities Superannuation Scheme (USS), the University of Oxford Staff Pension Scheme (OSPS) and the St John's College Staff Pension Fund (SJCSPF). USS and OSPS are contributory and are contracted out from the State Earnings Related Pension Scheme, SJCSPF is a non-contributory scheme and is contracted in to the State Earnings Related Pension Scheme. Each provides benefits based on length of service and final pensionable salary. The assets of USS, OSPS and SJCSPF are each held in separate trustee-administered funds.

Multi-employer schemes

Both USS and OSPS are multi-employer schemes and the College is unable to identify its share of the underlying assets and liabilities of each scheme on a consistent and reasonable basis. Therefore, as required by the accounting standard FRS17 "Retirement Benefits", the College accounts for the schemes as if they were defined contribution schemes. As a result, the amount charged to the Statement of Financial Activities represents the contributions payable to the schemes in respect of the accounting period.

In the event of the withdrawal of any of the participating employers in USS, the amount of any pension funding shortfall (which cannot be otherwise recovered) in respect of that employer will be spread across the remaining participating employers and reflected in the next actuarial valuation of the scheme.

However, in OSPS, the amount of any pension funding shortfall in respect of any withdrawing participating employer will be charged to that employer.

Qualified actuaries periodically value the Schemes. Both USS and OSPS were valued using the "projected unit" method, embracing a market value approach. The resulting levels of contribution take account of actuarial surpluses or deficits in each scheme. The financial assumptions were derived from market conditions prevailing at the valuation date.

The latest actuarial valuation of the USS was carried out at 31 March 2014 and published in July 2015. This valuation showed the scheme assets to represent 89% of the scheme liabilities at that date. Based on this valuation the actuary recommended an employer contribution rate of 18% with an employee contribution rate of 8%.

The full valuation is available on the USS website, <http://www.uss.co.uk>

The next actuarial valuation of the USS was due to take place at 31 March 2017 and should be published in 2018.

The latest actuarial valuation of the OSPS was carried out at 31 March 2013 and showed the scheme assets to represent 71% of the scheme liabilities at that date. This valuation identified a required long-term employer contribution rate of 20.1% of total pensionable salaries, and a funding deficit of £173m. The University of Oxford, on behalf of all the employers participating in the scheme, has agreed to address this deficit by raising the employer contribution rate in increments of 0.5% to 23.5%. The actuary has certified that the additional contribution should eliminate the deficit by 30 June 2026

The pension charge for the year includes contributions payable to the USS of £528k (2014 - £550k) and contributions payable to the OSPS of £15k (2014 - £14k).

Saint John Baptist College in the University of Oxford
Notes to the financial statements
For the year ended 31 July 2015

The contributions payable by the College during the accounting period were equal to 14% of total pensionable salaries. The pensions charge recorded by the College during the accounting period is shown in the analysis of movements in surplus given below. At 31 July 2015 the fund owed £554k (2014: £181k) to the College.

The valuation used for FRS 17 disclosures has been based upon the most recent actuarial valuation as at 31 July 2012 and information provided by Aon Hewitt to take account of the requirements of FRS 17 in order to assess the assets and liabilities of the St John's College Staff Pension Fund at 31 July 2015. The Scheme's assets are stated at their market value at the respective balance sheet dates

22 TAXATION

The College is able to take advantage of the tax exemptions available to charities from taxation in respect of income and capital gains received to the extent that such income and gains are applied to exclusively charitable purposes. No liability to corporation tax arises in the College's subsidiary company(ies) because the directors of this/these company(ies) have indicated that they intend to make donations each year to the College equal to the taxable profits of the company under the Gift Aid scheme. Accordingly no provision for taxation has been included in the financial statements.

26 RELATED PARTY TRANSACTIONS

The College is part of the collegiate University of Oxford. Material interdependencies between the University and of the College arise as a consequence of this relationship. For reporting purposes, the University and the other Colleges are not treated as related parties as defined in FRS8 ("Related party disclosures").

Members of the Governing Body, who are the trustees of the College and related parties as defined by FRS 8, receive remuneration and facilities as employees of the College. Details of these payments and reimbursed expenses as trustees are disclosed separately in these financial statements.
